What Services Do Residential Care Referral Services Provide?

These agencies provide one or more of the following services:

- ▶ List of residential care facilities (e.g. retirement home, continuing care retirement community, assisted living, board and care home, skilled nursing facility) in the geographic region desired.
- ▶ Assist with alternatives based on the medical and psychosocial needs of the senior.
- ▶ Provide alternatives based on the price range desired and needed.
- ▶ Provide consultation to determine the needs of the client
- ▶ Provide after-placement monitoring and servicing.

Many services know about the care facilities in their area, and some will visit facilities with you.
